

PRODUCT DATA SHEET

The densest cover stock available in the marketplace, Press Guard® by Long Falls Paperboard has a distinctive mottled surface plus an embossed leather look and high-gloss acrylic coating to provide resistance to staining and moisture. Its unique multi-ply construction combined with a proprietary densification process provides Press Guard with exceptional stiffness and excellent scoring, folding, and die cutting results. It is the ideal choice for applications that demand outstanding performance, both in converting processes and end use.
